1. Objectives
 2. Methodology
 3. Potential scientific contribution of the proposed Joint Laboratory
 4. Mode of cooperation and added value

Abstract:

SCIENTIFIC JUSTIFICATION AND WORKPLAN

B. This section should describe the background and the proposed research to be carried out by the Joint Laboratory. The mode of cooperation between the Italian and Israeli groups and the added value provided by the Joint Laboratory should be evident.

The project description should include:

1. Detailed description of the research topic involving the state of the art in the research field including discussion of the scientific and technological background of each element of the project.
2. Expected impact of the project in all relevant aspects (e.g., scientific, social, economic).
3. Detailed research program, including specific goals, methodology and work plan. Key scientific issues should be emphasized. The roles of Italian and Israeli partners in carrying out the proposed research plan should be indicated, and the mode of integrating the work of the teams should be described.
4. Description of available research resources, including short CV's of research team members, inventory of relevant equipment and materials existing or necessary.
5. The facilities where the Laboratory will be located.
6. Compatibility of the proposed Joint Laboratory with this call for proposals.
7. Bibliography of relevant literature.

Please number the sections of the project description according to the numbers in the list above. Description shall be limited to no more than **10 pages**, font 12, single space, regular margins.
