Explanatory Notes

The End-Use Statement (EUS) is a **mandatory** declaration required by Article 10, paragraph 3, of Legislative Decree 221/2017 and Article 12 (4) of Regulation (EU) 2021/821.

¹ Pursuant to Article 2, paragraph 1, letter o) of D.Lgs. 221/2017, "end user" means any natural or legal person who ultimately uses the products controlled under this decree.

If you incorporate the goods into another product or higher-level system, then you are still the end user for the purpose of the movement of the items, unless the goods are used as components of another product and these components are the principal element of the said product and can feasibly be removed or used for other purposes.

² The consignee is the person who first receives the goods. If the consignee is the end user, enter the same information.

³ Applicant (the exporter pursuant to Article 2(3) of Regulation (EU) n. 2021/821).

⁴ Please provide a detailed description of the items. If necessary, you can add further lines or, if the items are in a large number, they can be listed in an annex. In this case, please specify it in this section. If the items are classified, please also indicate the relevant classification level.

⁵ Provide a clear and complete description of your end use.

⁶ If different from the end user's registered office address, please specify the exact location and nature of the site (e.g. branch of the company, production site, etc.).

⁷ Pursuant to Article 10 paragraph 4 of D.Lgs. 221/2017, the declaration must be dated and signed by the legal representative of the end user. If expressly requested by the competent Italian authority the statement must be:

- a. Authenticated by the relevant Italian diplomatic or consular representation;
- b. Accompanied by an end-use certificate issued by the competent authority of the end-use country, legalized by the relevant Italian diplomatic or consular representation.

*Please fill this End-Use Statement out in its entirety and do not alter it in any way.
The EUS must be typewritten whereas the signature must be **handwritten**.*
